

Smoking Outside

SUSTO

Ashley's smoking a bong
Its a tuesday night for Rock and Roll
She's got her black leather pants on
Its a tuesday night for rock and roll

And I tell her all the time, "we can rock and roll any day"
Yeah I tell her all the time, "let's keep it to once a day"
She says "This is a great song, I love you right now
It feels better outside than it did in there"

She's softly learning to sing
Its a tuesday night for rock and roll
She's a hieroglyph on guitar strings
Tuesday night for rock and roll

And I tell her all the time, "we can rock and roll any day"
Yeah I tell her all the time, "just keep it to once a day"
She says "This is a great song, I love you right now
It feels better outside than it did in there"
