

Daydream

Suuns

Am I alive?
What can I see?
When I love
When can I leave?
Am I in love?
All I can see
Is somewhere alone
Leave it up to me

American love
American dream
Don't ask why
And make believe
Who should it touch?
When will it be?
I can't tell
Maybe it's just me

After all you sit and
Daydream for love and
It's the love we take
After all you sit and
Daydream for love and
It's the love we save

Is it all fine?
Am I still free?
So much more
Than send and receive
Something inside
Speaking to me
Are we on time?
No, it just can't be
