Suuns

Where are you from, you don't seem to know
Life is long as a day
And one by one, you see them fall
I can't talk, cant take anymore

And one by one, you see them fall
Beautiful
Yeah, one by one, you see them fall
Something there is in the way

You can't feel, can you man
Where'd you go, I don't understand

So I feel, feel it in my head
I understand not to wait until I'm dead
Yeah, one by one, you see them fall
In over my head

You can't feel, can you man
Where'd you go, I don't understand
You can't feel, can you man
Where'd you go, I don't understand
