

Peace and Love

Suuns

Baby, don't lead me, don't, lead me downtown, I want
Peace and love, peace and love, I want to feel it
And baby don't feed me, don't feed me lies, now, I want
Peace and love, peace and love, tell it to me someone

Over and over again
Don't you worry about my mind
Something's happening
Don't you feel it sometimes?

Baby, don't bring me, don't bring me downtown, I want
Peace and love, peace and love, I feel it coming

Oh, I feel coming
Oh, I feel coming

Over and over again
Don't you worry about my mind
Something's happening
Don't you feel it sometimes?
