

## Third Stream

Suuns

I know you know  
Spires of gold  
Bow down  
To false idol promises  
Hail majestic corporate light  
With a coat of arms  
And human rights  
I'm in the system  
The nervous system  
Everyone needs love

I know you know  
You know I know too  
Is it true?  
Can we keep our promises?  
I don't want to wear this mask  
To conceal I know it's real  
I know these feelings  
Human beings  
Everyone needs love

Retreat

Turn the lights off the stage  
Oh, I've seen too  
I've seen too much

Turn the lights off the stage  
Oh, I've seen too  
I've seen too much

Turn the lights off the stage  
Oh, I've seen too  
I've seen too much

Turn the lights off the stage  
Oh, I've seen too  
Oh, I've seen too

Oh, I've seen too  
I've seen too much
