

I see the glimmer  
But its rather faint  
The lights gone dimmer  
So many miles away  
I see this change  
Oh, I hope its not too late  
Don't wake  
Don't breathe  
It's gonna be okay

I see a flicker  
And it starts to fade  
A million points of glitter  
Hidden in my brain  
I know this place  
Never wanted it to change  
Don't wake  
Don't breathe  
It's gonna be okay

Ohh, ooh  
Don't wake, don't wait it over  
Ohh, ooh  
Don't wake, don't take it over

I know this place  
Never wanted it to change  
Don't wake  
Don't breath  
Its gonna be okay

Ohh, ooh  
Ohh, ooh  
Don't wake, don't wait it over  
Ohh, ooh  
Don't wake, don't take it over
