

Do Ya Dance

Suzi Quatro

Open your arms
Come close to me
Don't wanna sleepwalk
Through reality
Let your senses fly
Defy gravity

(Do ya dance) mesmerize
(Do ya dance) hypnotize
(Do ya dance) don't categorize
(Do ya dance) hey baby, do ya dance, ow!

Open your mind
Let your juices flow
A fast train to midnight
I feel the fire below
Get on that dance floor
Like a conquering hero

(Do ya dance) mesmerize
(Do ya dance) hypnotize
(Do ya dance) don't categorize
(Do ya dance) hey baby, do ya dance, ow!

Take it to the limit, satisfy my thirst
Salvitate, don't hesitate, but let me finish first

It's moody blue
Turn the lights down low
So make your move
But don't you make it too slow
Eye to eye
But don't make it sweet

(Do ya dance) mesmerize
(Do ya dance) hypnotize
(Do ya dance) don't categorize
Hey baby, take a chance (do ya dance)
