

# I Sold My Soul Today

Suzi Quatro

What do you say when you can't pretend?  
How do you sway when you cannot bend?  
I sold my soul today

Behind enemy lines  
Been disconnected too many times  
Love is blind, but I won't fool myself  
I can't lose myself to your alibis and lies

What do you say when you can't pretend?  
How do you sway when you cannot bend?  
Surrender, surrender  
I sold my soul today

Spare me this closing scene  
I've been rejected, I feel unclean  
So unkind, as your truth unfolds  
As you're standing cold  
You're the picture of obscene

What do you say when you can't pretend?  
How do you sway when you cannot bend?  
What do you say when you can't pretend?  
How do you sway when you cannot bend?  
Surrender, surrender  
I sold my soul today

Sweet hearts in harmony  
So unexpected, then we were three  
Not inclined, don't you realise?  
I won't compromise  
I can see through your disguise

What do you say when you can't pretend?  
How do you sway when you cannot bend?  
What do you say when you can't pretend?  
How do you sway when you cannot bend?  
I sold my soul today
