

## Help Me Out

Suzie McNeil

I'm not sure but I'm not gone  
You gotta learn your lessons one by one  
Don't be sorry now for the damage done.  
There's no such thing as wasted time  
Yeah when this was just a petty crime  
'Cause sometimes right or wrong is a state of mind.  
No resistance  
Close the distance now.  
Help me out don't sell me out  
I don't wanna even bother  
To keep turning out if you're burning out  
I don't wanna be a cover  
So just help me help me out.  
Can't go back to where you're from  
'Cause baby you're not fooling anyone  
So don't be sorry now for the damage done.  
Less is less and more is more  
And baby don't keep standing at the door  
'Cause you may never know what you're waiting for.  
Caught you stealing  
What I'm feeling now.  
Help me out don't sell me out  
I don't wanna even bother  
To keep turning out if you're burning out  
I don't wanna be a cover  
So just help me help me out.  
I don't wanna play the politics  
I don't want a temporary fix  
I don't wanna use a bag of tricks  
Not for this  
So help me out out out  
Help me out out out.  
No resistance  
Close the distance now.  
Help me out don't sell me out  
I don't wanna even bother  
To keep turning out if you're burning out  
I don't wanna be a cover  
So just help me out don't sell me out  
I don't wanna even bother  
So just help me help me help me out.  
Help me  
Help me  
Help me out  
Help me out (2x)  
Help me out  
Help me out
