

# Cupid Shot Us Both With One Arrow

Suzy Bogguss

Cupid's mighty hot,  
He took aim and he shot  
Cupid shot us both with one arrow.  
Cupid had a plan,  
He said "That gal needs a man."  
Cupid shot us both with one arrow.

Now we've got stars in our eyes,  
We're holding hands and sighing sighs:  
All we think about is our romance.  
We've been reduced to silly saps,  
Might as well start playing taps,  
'Cause Cupid shot us both with one arrow.

I said: "Love is not for me,  
"I don't need such lunacy."  
But Cupid shot us both with one arrow.  
Now we're caught up in the game,  
And we sure know who's to blame:  
Cupid shot us both with one arrow.

Now we've got stars in our eyes,  
We're holding hands and sighing sighs:  
All we think about is our romance.  
We've been reduced to silly saps,  
Might as well start playing taps,  
'Cause Cupid shot us both with one arrow.
