## The Other Side Of The Hill

**Suzy Bogguss** 

Watch out when they start to twist Hold tight with a leather fist That's what his daddy told him How to ride the bull

There's a jingle in his jeans Sore places in between He's leaving me in Tennesse With a push and a pull

Ten four, honey, come on back
Horse trainer on your Cadillac
I'm calling for the cowboy in the Coupe De Ville
Chug a lug up one side

Glide down the other He's a lover of the other side of the hill Turn up the radio don't think about rodeo Don't think about roundup up in old Cheyenne

It's a crazy circuit yea and he still works it Come on turn that sound up let's check the scan Ten four, honey, come on back Horse trainer on your Cadillac

I'm calling for the cowboy in the Coupe De Ville Chug a lug up one side Glide down the other
He's a lover of the other side of the hill

Bandana on a rear view mirror Still wet from ear to ear I'm praying he'll remember What the wise man said

When you ride that last one Better make it fast one Jump while he's moving And just walk away

Ten four, honey, come on back
Horse trainer on your Cadillac
I'm calling for the cowboy in the Coupe De Ville
Chug a lug up one side

Glide down the other He's a lover of the other side of the hill Ten four, honey, come on back Horse trainer on your Cadillac

I'm calling for the cowboy in the Coupe De Ville Chug a lug up one side Glide down the other
He's a lover of the other side of the hill
