The word "friends" doesn't match  
But then again, I can't just kiss you  
Like a heater, I tried to put some distance  
But then I exploded  
Maybe I was mad at your ambiguous attitude

It hurts so much  
If this isn't love  
Your words  
That seem to comfort me  
Make me even more miserable

Saying that we're close friends was just an excuse  
There's no word to define us  
Like a heater, I tried to put some distance  
But then I exploded  
Maybe I was mad at your ambiguous attitude

It hurts so much  
If this isn't love  
Your words  
That seem to comfort me  
Make me even more miserable

It's just a little bit of longing, that's it  
But when the leaves start falling  
A corner of my heart gets cold  
Then it falls asleep

In the place where the wind is cold

I try to hold onto my trembling shoulders  
But maybe I dressed too thinly  
My heart felt so cold

It hurts so much  
If this isn't love  
Your words  
That seem to comfort me

It hurts so much  
If this isn't love  
Your words  
That seem to comfort me  
Make me even more miserable
