

## Close To You

Svala

Baby baby I watch you  
While you sleep  
Special moments  
It's a treasure I will keep  
I whisper sweetly  
I've fallen so deep  
Am I dreaming this feels  
Like make believe  
I need this love to be strong  
And I will give you my all  
Oh baby wanna hold the  
Night back always

When I'm close to you  
All I need to do  
Is to feel you touching me  
That's the only world I need  
When I think of you  
Just like lovers do  
Keep the stars and seven seas  
They don't mean a thing to me  
You're the only world I need

Baby baby  
Here's all I gotta say  
Words come easy when  
We're lying here this way  
To say I love you is  
A simple thing to say  
Pray you feel this in  
The cold cold light of day

I need this love to be strong  
And I will give you my all  
Oh baby wanna hold the  
Night back always

When I'm close to you  
All I need to do  
Is to feel you touching me  
That's the only world I need  
When I think of you  
Just like lovers do  
Keep the stars and seven seas  
They don't mean a thing to me

Tonight I see it so clearly  
In the moonlight  
I see love in its glory  
Look inside my heart  
It's for you only  
And I pray that  
You're dreaming of me

You're the only world I need  
You're the only world I need  
When I'm close to you

All I need to do  
Is to feel you touching me  
That's the only world I need  
When I think of you  
Just like lovers do  
Keep the stars and seven seas  
They don't mean a thing to me
