

Time

Svala

It's hard to see you going through these tough times
It's never easy when you battle your mind
Oh, I'll hold your hand for as long as you wanted
But I let it go when you know you got it
When skies are grey before the sun to pull through
Long for the day he'll love you just like I do
Oh, I'll hold your hand for as long as you wanted
But I let it go when you know you got it

Take the time you need
I'll be here waiting till you come back to me, yeah
Take the time you need
I'll lead the light until you come home to me
Take the time you need

Hate every hour that you're not by my side
But I know you want me to go live my life
Always in my heart, don't you go forget it
Though we're miles apart, just remember

Take the time you need
I'll be here waiting till you come back to me, yeah
Take the time you need
I'll lead the light until you come home to me

Don't look back, take a fake
See the ocean ride the waves
And when you're home right in my arms I'm gonna hold you

Take the time you need
I'll be here waiting till you come back to me, yeah
Take the time you need
I'll lead the light until you come home to me
(I'll lead the light out of you, out of you)

Oh, take the time you need (take the time you need)
I'll lead the light until you come home to me
(Until you come back to me, come back to me)
Take the time you need
