

Trinity

Svala

Heaven
Is
Twenty-four seven
Everyone's allowed

We're getting outta here
Won't go crashing the party
Heaven's anywhere
Anywhere we want it

Wings on your jacket
Gold on our shoes
Halo on your head
Walking on acid
Keeping it loose
You, me, a holy trinity

Trinity, trinity, trinity, oh, oh
Trinity, trinity, trinity, oh
For an eternity
Heaven's in our hands if we wanna go
It's a part of you, baby it's a part of me
Trinity, trinity, trinity, oh
For an eternity

Heaven
Shot down tonight
Down forever
I can't say it's not our time

We're getting outta here
Won't go crashing the party
Heaven's anywhere
Anywhere we want it

Wings on your jacket
Gold on our shoes
Halo on your head
Walking on acid
Keeping it loose
You, me, a holy trinity

Trinity, trinity, trinity, oh, oh
Trinity, trinity, trinity, oh
For an eternity
Heaven's in our hands if we wanna go
It's a part of you, baby it's a part of me
Trinity, trinity, trinity, oh
For an eternity

Trinity, trinity, trinity, oh, oh
Baby it's a part of me
Trinity, trinity, trinity, oh
For an eternity
