

## Babylon II.

Švihadlo

Blood, fire and destruction!  
Fire burn Babylon!  
All world all countries there is Babylon  
Úú Babylon  
Babylon as it was it will remain  
Life will still be fuckery  
Me don't exept nothing from your reforms  
from you new Babylon set up  
I man only check for the hammer  
That is beating the wall  
The crumbling wall  
Change can only come  
With the force of the hammer  
Beating the wall  
The crumbling wall  
Above my head is a red flag  
It is showing me only agony  
It is showing me the impact of the hammer  
Beating the wall  
The crumbling wall
