

# Sunfucker

Swans

Surrender, surrender  
Go under bright water  
The flooding is coming  
Give up to Sun Fucker  
The naked, the crawling  
They become us while burning

Surrender, surrender  
Sun Fucker is calling

We are righteous, we are blighted  
We are liquid, ignited  
We're stealing your breathing  
Your weeping is cleaning  
Sun Fucker: True Eater  
Sun Fucker: True Blinder

Surrender, surrender  
Come home to Sun Fucker  
La little man!

I am the one with feathered plume  
Who holds your heart, whose light consumes  
With arms stretched out, I gather sky  
One thought, one mind:  
Sun Fucker eats the blind

Why am I on this earth?  
Why am I on this earth?  
I worship Sun Fucker!  
I worship Sun Fucker!

Fuck me
