

Lost in a lonely haze
Gettin' it good ain't easy
Hold onto what you got
(Hold onto what you got)

You're not a fleeting phase
You got the hands that please me
(You got the hands that please me)

I'll make you better
I'll make you better, you'll be better with me
I'll make you better
I'll make you better than you've ever been

I'll make you better
I'll make you
I'll make you better
(I'll make you)

I'll make you better
I'll make you
I'll make you better
(I'll make you)

Loved you in a place where there was no space and time
Yeah, we came alive
Our souls intertwined when we kissed the sky, yeah

And you made me better
But I made you feel brand-new
All the feels that you're feelin', starin' at the ceilin'
Wonderin' what what I'm up to, I'm better (better)

I'll make you better
(And I'll make you, and I'll make you)
I'll make you better, you'll be better with me

I'll make you better
(Yeah, you know, you know, you know, you know, you know)
I'll make you better than you've ever been

I'll make you better
I'll make you
I'll make you better
(And I'll make you)

I'll make you better
I'll make you
I'll make you better
(I'll make you)

I'll make you better
(I'll make you, I'll make you, and I'll make you)
I'll make you better than you've ever been
