

# Trouble

Sweater Beats

Every time we go our separate ways  
We keep, coming back  
Yeah, (coming back)  
Broke the dishes at my sister's place  
I said, don't come back  
But I, called you back

I miss the way you say my name  
Yeah, I need that back  
I hate to say it's over then  
Just live with that, but  
Every time we go our separate ways  
We keep, coming back  
Yeah, coming back

Baby, we should take this mess, and  
Put it all behind us  
(Put it all behind us)  
Baby, we had some sense, we'd  
Leave it all behind, 'cause  
Trouble's gonna find us

Trouble's gonna find us  
Trouble's gonna find us  
Trouble's gonna find us  
Trouble's gonna find us

Baby, you're a stick of dynamite  
You keep, blowing up  
I keep, blowing up, yeah  
Keep you out of mind and out of sight  
I keep, showing up  
You keep, showing up

I hate the way you say my name  
But I need that back  
I hate to say it's over then  
Just live with that, but  
We're going nowhere at the speed of light  
I'm still, showing up  
You're still, showing up

Baby, we should take this mess, and  
Put it all behind us  
(Put it all behind us)  
Baby, we had some sense, we'd  
Leave it all behind, 'cause  
Trouble's gonna find us

Trouble's gonna find us  
Trouble's gonna find us  
Trouble's gonna find us  
Trouble's gonna find us

Baby, we should take this mess, and  
Put it all behind us  
(Put it all behind us)

Baby, we had some sense, we'd  
Leave it all behind, 'cause  
Trouble's gonna find us
