

King of the Beach

Sweatshop Union

(Intro)

Leisure Gang
King of the beach
I got a beach ball

(Verse)

Yo, catch me by the ocean, by the lake, by the river
Waiting in the shadows til my toes start to shiver
Bagging something special, sippin on some liquor
Cannonball bitches, call me big dipper
Splash up in the water pool, I'm with your topless daughter
Swimming like a fish, like a seal, like an odder
King of the beach, leisure globe trotter
Hitting every swimming hole that the locals have to offer
Superhero jaw line, heart like a great thing
Smile like a panda so I'm radiating great things
Yea, I'm radiating great things
Leisure gang, have fun, do some drugs yay

(Hook x2)

King of the beach
King of the beach
King of the beach
We can have a sand castle on

(Verse)

Sun dippin, fun dip sippin in the great outdoors
So the ocean I'mma piss in
El G on a mission
To get higher than we've ever been
Lost in some dreams of a spirit molecule, diving in the pool
Palm trees, warm tea
To sound so hospitable
We got leisure looking like leisure
And party boys lookin like some preachers
King of the beach, build a castle with my hands
Now I'm sitting in it, puffing some tobacco on the land
Ray Black, you know I am the type of dude to hit the Jameson's and pass in t
o Sam

I grin, she's telling me, a summer chasing grandson
Eating shellfish, bad plan a bad plan
Kick my feet up in this rubber thingie Bimmer
No care in the world for the kings of leisure

(Hook x2)

King of the beach
King of the beach
King of the beach
We can have a sand castle on

(Verse)

You can catch me chillin at the river with the crew
Doing damage to my liver with some liquor and a few pills
With a few chill, beauties to kick it with me
Mary Molly Lucy, the triplets going on a drifting shit
I could get very descriptive
Explain every detail and barely depict this shit

You got to live the baided leisure
Leave your stresses at the door, bring some shorts and a t-shirt
'Cause we're on holiday, from it all today
Please believe I'll keep it leisure til my balls are grey
And even then I'll be the most leisure senior citizen with a demeanor of a t
eam of lazy leamers
Now that's leisure and that's my lifestyle
Calling all the pretty ladies with the nice smile
To the beach right now, having the same hassle on
Blasting off even though that bullshit in back of us

(Hook x2)

King of the beach

King of the beach

King of the beach

We can have a sand castle on

Catch me by the ocean, by the lake, by the river
