

## Cut

Sweet Pill

Took a step outside myself  
Looked her in the eyes and felt  
Quite sorry for that sucker  
Sorry for that sucker

But I know better than she'll ever  
And I know better than she'll ever

Took a step outside my house  
Towards the grass, the bodies fell  
Knees in the ground, my knees are in the ground  
Rooted deep now  
You can't cut me out
