

Baby, let's design new comfort
Spread the towels and bring out the lotion
Girl, now let's design each other
Close your eyes until the logic's gone

Run away (run away), deeper to see
Baby, run away (run away), deeper to see
Baby, run away, to the sun, to the comfort
Run away (run away), deeper to see
Baby, run away (run away), deep summer sea
Baby, run away, to the sun, to the comfort

Baby, here's our time, let's do it
You know your psychic love says to consume it
Synchronize your time in motion
Engineers of this gorgeous song

Run away (run away), deeper to see
Baby, run away (run away), deeper to see
Baby, run away, to the sun, to the comfort
Run away (run away), deeper to see
Baby, run away (run away), deep summer sea
Baby, run away, to the sun, to the comfort

To the comfort (whoa-oh, oh-oh-oh)
To the comfort (whoa-oh, oh-oh-oh)
To the comfort (whoa-oh, oh-oh-oh)
To the comfort (whoa-oh, oh-oh-oh)
To the comfort (whoa-oh, oh-oh-oh)
To the comfort (whoa-oh, oh-oh-oh)
To the comfort (whoa-oh, oh-oh-oh)
To the comfort (whoa-oh, oh-oh-oh)
