

# Forever

Sweet Trip

I'll wait, I'll wait  
For you, it's never too late  
Skies shelter your face  
Then crown you the moon

Fool me, fool me  
You're cold and severe as the rain  
My eyes are forever doomed  
To cry over you  
You're forever cruel

Fool me, fool me  
You're cold and severe as the rain  
My eyes are forever doomed  
To cry over you  
You're forever cruel

This is so eternal  
I've become nocturnal  
Sleeping my days away  
Oh, this is so eternal  
Only forever  
Only forever will tell  
Oh, oh, oh  
Oh

Oh, oh
