

Route Of Escape

Sweet Trip

You know the way
Go on, Go on
Go on, You're too far away
From me

Step out close tonight
Search around this maze that I'm in

Get far away from me

Get far away from me
Get far away from here

It won't do any good
It won't do any good
It won't do any good

Get far away from me
Get far away from here

Get far away from me

It won't do any good
It won't do any good
It won't do any good
