

Velocity

Sweet Trip

I say you say
Intentions inventions
Intend to go down
(You go down on your way)

I feel you say
Come bring those intentions
Intentions to fly
(Come and rest at your place)

I say you say
Intentions inventions
Intend to go down
(You go down on your way)

They hear you say
Intentions inventions
Intend to progress
With your intentions to fly

I say you say
Intentions inventions
Intend to go down
(You go down on your way)

I feel you say
Come bring those intentions
Intentions to fly
(Come and rest at your place)

I say you say
Intentions inventions
Intend to go down
(You go down on your way)

They hear you say
Intentions inventions
Intend to progress
With your intentions to fly
