

## Wait, Stay

## Sweet Trip

Wait  
Just wait  
There's morning and the rain  
I know  
You still

Oh stay  
Oh stay  
I didn't mean to plague you  
I love today

Today

To light a flame  
Of [?]  
Oh stay  
Just stay  
You give me the say

Please don't try  
To hurt your knuckles  
Don't try  
I won't be here at all  
All

Please don't try  
To hurt your knuckles  
Don't try  
I won't be here at all  
All

Please don't try  
To hurt your knuckles  
Don't try  
I won't be here at all  
All

Please don't try  
To hurt your knuckles  
Don't try  
I won't be here at all  
All

Please don't try  
To hurt your knuckles  
Don't try  
I won't be here at all  
All
