

Full Circle

Sweet

"So it begins"
As we step on Hallowed Ground
Where the Ancient Kings were crowned
"We carry on"
And the firmament rebounds
To every blessed sound

"Heroic Deeds"
Fill the battlefields of red
Heroes honoured all but dead
"Deep in the Fire"
Let the Phoenix rise again
With our ashes, we'll defend

"Full circle full circle"
What goes round comes around
"Full circle full circle"
Faster than the speed of sound
"Full circle full circle"
What goes round comes around
"Full circle full circle"
The world keeps spinning round and round

"These are the days"
The days of future past
On Hallowed Ground at last
"Remember this"
Rest peaceful Dogs of War
For now and evermore

"Full circle full circle"
What goes round comes around
"Full circle full circle"
Faster than the speed of sound
"Full circle full circle"
What goes round comes around
"Full circle full circle"

"A Golden Age"
Hope and Glory Songs of Praise
To right the wrongs for all our days
"And so it ends"
Leave the Firmament in peace
God soothes the Savage Beast

"Full circle full circle"
What goes round comes around
"Full circle full circle"
Faster than the speed of sound
"Full circle full circle"
What goes round comes around
"Full circle full circle"
The world keeps spinning round and round

The Journey of Life
A History Through Time
Stratospheric Highs to Profound Lows

And where it starts is where it ends
Full circle
