

Join Together

Sweet

When you here this sound a-comin',
Hear the drummers drumming,
I want you to join together with the band,
We don't move in any 'ticular direction,
And we don't make no collections,
I want you to join together with the band.

Do you really think I care,
What you read or what you wear,
I want you to join together with the band,
There's a million ways to laugh,
And every one's a path,
Come on and join together with the band.

Everybody join together, I want you to join together,
Come on and join together with the band,
We need you to join together, come on and join together,
Come on and join together with the band.

You don't have to play,
You can follow or lead the way,
I want you to join together with the band,
We don't know where we're going,
But the season's right for knowing,
I want you to join together with the band.

It's the singer not the song,
That makes the music move along,
I want you to join together with the band,
This is the biggest band you'll find,
It's as deep as it is wide,
Come on and join together with the band,
Hey hey hey hey hey hey, well everybody come on.

Come on and join, join together with the band,
We need you to join together, everybody come on,
Hey hey hey, join together with the band.
