

## Mind

Sweet

You used to dream  
You'd float in flowers  
And talk for hours and hours  
You told me so  
Yeah you told me so  
And then a ship would come  
And take your soul and fly away  
You told me so  
And I can hide in your mind

I got this feeling about you  
You're the sure thing I know  
In my heart  
I got this feeling about you  
And I can't bear to be apart from you

The dancind days were fine  
We used to dine on mince and quince  
Without a spoon  
Yeah without a spoon  
And searching further on  
And deep insde a spiral glide  
We'd reach the moon  
Oh it was all in your mind

I got this feeling about you  
You're the sure thing I know  
In my heart  
I got this feeling about you  
And I can't bear to be apart from you

The days grew shorter  
The nights seemed longer  
We knew that soon leaves  
Would fall to the ground  
But deep inside we cuddled  
Under the snow  
In your mind

I got this feeling about you  
You're the sure thing I know  
In my heart  
I got this feeling about you  
And I can't bear to be apart from you  
Apart from you
