You're Crazy

Sweet

Don't try to bring me down
I can tell by that look in your eye
(Do you know who I think I am)
Don't treat me like a clown
I can see through your thin disguise
(Do you know who I think I am)

You say black and I say white
You say day and I say night
You go left and I go right
All right

I know who you are
I've told you before
You're crazy, crazy
Get out of my brain
You know you're insane
You're crazy, crazy

Don't try to put me down
Because I wrote every word that you've read
(Do you know who you think you are)
Don't try to sing my song
Because I've heard every word that you've said
(Do you know who you think you are)
You say stop and I say go
You say fast and I say slow
You say yes and I say no
Let's go
You know you're insane
Get out of my brain
You're crazy, crazy
Get out of my head
You heard what I said
You're crazy, crazy
You're out of your head
You heard what I said
You're crazy, crazy
You're out of my brain
You drive me insane
You're crazy, crazy
I've told you before
Can't take anymore
You're crazy, crazy, crazy
