

Scream

Sweetbox

Boy, what is wrong with you?
You can't handle me
You don't have a clue
You're crazy
Do you really think you can take me home,
Just buy me a drink and leave me all alone?

Hey, hey, hey, whatcha gonna do with me?
Hey, hey, hey, can you make me scream?

Ain't strong enough for a girl like me but you still wanna take me home
Ain't strong enough for a girl like me but you still wanna take me home
You know you can't hang with the wildest thing but I ain't no silly hoe
Hey, hey, hey, can you make me scream?

I'm not the mushy type
I like it rough
Cliché and corny lines just ain't enough
I can rock your world
And play your silly game
You wanna take me home but you don't know my name

Hey, hey, hey, whatcha gonna do with me?
Hey, hey, hey, can you make me scream?

Ain't strong enough for a girl like me but you still wanna take me home
Ain't strong enough for a girl like me but you still wanna take me home
You know you can't hang with the wildest thing but I ain't no silly hoe
Hey, hey, hey, can you make me scream?

So you wanna make my every fantasy come true?
I don't think so.

(Rap verse)

Boy, what is wrong with you?
You can't handle me
You don't have a clue
You're crazy
Do you really think you can take me home,
Just buy me a drink and leave me alone?

Ain't strong enough for a girl like me but you still wanna take me home
Ain't strong enough for a girl like me but you still wanna take me home

You know you can`t hang with the wildest thing but I ain`t no silly hoe

You ain`t strong enough for a bitch like me but you still wanna take me home

Hey, hey, hey, whatcha gonna do with me?

Hey, hey, hey, can you make me scream?
