

# A Change Is Gonna Come

Swervedriver

I keep on thinkin' it's wrong  
So, I'm childin' you in a song  
It's comin' your way

You shouldn't feel this way  
You shouldn't feel this way

Yeah, you think it's a sin  
I ain't your color of skin  
It's comin' your way

You shouldn't feel this way  
You shouldn't feel this way

I keep on losin' my feet  
When I walk on the street  
I keep on thinkin' it's you  
Guess it makes me feel blue

You say it's broken your dreams  
They fall apart at the seams  
It's comin' our way

You shouldn't feel this way  
You shouldn't feel this way  
I shouldn't feel this way  
You shouldn't feel this way

You shouldn't feel this way  
You shouldn't feel this way  
I shouldn't feel this way  
You shouldn't feel this way
