

Caramelise

Swim Deep

I've sung, that I'm not done
How I live, lots of lives
Oh, I'll hum, something glum
Something wise, something dumb

Oh my, oh I won a trip to insane
Oh I hope the world will be fed to my ex

Gotta break, gotta fast for the morning love
Gather round, we can caramelise in the morning sun
Oh we gotta break, gotta fast for the morning love
Gather round, we can caramelise in the morning sun
Gotta break, gotta fast for the morning love
Gather round, we can caramelise in the morning sun
Gotta break, gotta fast for the morning love
Gather round, we can caramelise in the morning sun

The only song I know
Is we only got our true love
The only song I know
Is we only got our true love

Oh my, oh I won a trip to insane
Oh I hope the world will be fed to my ex

Gotta break, gotta fast for the morning love
Gather round, we can caramelise in the morning sun
Oh we gotta break, gotta fast for the morning love
Gather round, we can caramelise in the morning sun
Gotta break, gotta fast for the morning love
Gather round, we can caramelise in the morning sun
Gotta break, gotta fast for the morning love
Gather round, we can caramelise in the morning sun
