

Red Lips I Know

Swim Deep

You stop and ask why I look glum
(I know, I know)
You think am I bright or am I dumb
(I know, I know)
You see five letters in my eyes saying guess
(what if I get it wrong?)
One thing on my mind is happiness
(ain't so wrong)

It's a hot winter and my mind's somewhere else
Hot winter ey, hot winter ey

Pull the wool over my eyes
(I know, I know)
What do u see a ?comfy? mind is a ?comfy? side
Just because my lips are stained with wine
(what are you doing on your own?)
Doesn't mean my smile is on time
(stop waiting)

It's a hot winter and my mind's somewhere else
Hot winter ey, hot winter ey
