

Praying that the pain stops  
Counting all the tear drops falling on your pillow  
Guess he hit a weak spot  
Heard it was a cheap shot, hate to say, "I told you so"  
Yeah, it's a joke  
How many hits till your sweet bones finally break?  
And how many nights all alone is it going to take?  
He's got a hold of your heart now, baby  
And you don't even know  
He's got a hold of your heart now, baby  
That's why I have to let you go  
That's why I have to let you go, oh  
Told me that you're alright  
I can see you're not quite the girl you were before  
Will it take a landslide  
To help you decide there's nothing left anymore?  
Yeah, it's a joke  
How many hits till your sweet bones finally break?  
And how many nights all alone is it going to take?  
Well, I guess I oughta back down  
I thought you would come around  
Guess I oughta back down  
'Cause you are nowhere to be found  
This is what you wanted now  
So is this how you pictured it?  
And this is what you wanted now  
The two can be so different  
He's got a hold of your heart now, baby  
And you don't even know  
He's got a hold of your heart now, baby  
And you don't even know  
He's got a hold of your heart now, baby  
That's why I have to let you go  
That's why I have to let you go, oh, oh  
He's got a hold of your heart now, baby  
And you don't even know  
He's got a hold of your heart now, baby  
That's why I have to let you go  
That's why I have to let you go, oh  
Gotta let you go, I gotta let you go
