

All in a Heartbeat (Late Night version)

Swing Out Sister

How could I miss you
Before you've even gone?
Moments like this one
Won't last too long
How time soon forgets
Lives to regret
Belongs to no one

Life's leading us on
Can anyone explain
Why it seems like
It's over before it's begun?
How did we make the same mistakes
Time and time again?

When all in a heartbeat it's gone
The closer we get, the further we run
How could we ever know?
How did we go wrong?
Only a heartbeat away
Don't ever let me go
