

Kick It Over

Swingin' Utters

Why do you go off and on your own?
What'cha lookin' for, where did you go?
Won't you come back, won't you come back home?
I've almost given up, now that I'm grown

Lookin' for the other, I want another
Lookin' for the other, I want another
I wanna kick it over, turn it over, discover
Lookin' for the other, I wanna kick it over

Why don't I go off and on my own?
Look for something off the beaten road
Why don't I find new ways to lie?
Embrace every loose end, leave all array

Lookin' for the other, I want another
Lookin' for the other, I want another
I wanna kick it over, turn it over, discover
Lookin' for the other, I wanna kick it over
