

## EASE MY MIND

Switch Disco

Take me to your paradise  
Somewhere meant for you and I  
I, wanna be the one to know you  
To hold you  
In my arms, I'll be the one you fall to  
If you want to

If you want to, if you want to  
If you want to, if you want to  
If you want to, I'll hold you, I'll know you  
I need something to ease my mind

I need something to ease my mind  
To escape the world and leave it all behind  
Get so high I'm with the satellites  
I need something to ease my mind

If you want to, I'll hold you, I'll know you  
If you want to, I'll hold you, I'll know you  
If you want to, I'll hold you, I'll know you  
I need something to ease my mind
