

Under The Sun

Switch Disco

One last time under the sun
I need one last time before we run
Wherever we go, whatever we do
I just wanna stay forever with you
Give me one last time before we run
Let's fall in love under the sun

Under the sun

Ocean eyes, my escape, my sweet paradise
We collide like a wave crashin' through my mind

You got me right where you want me, body to body
Now we're dancing barefoot on the sand
Put your hand on my heartbeat, sweat dripping on me
Baby, we can do it all again

I need one last time under the sun
I need one last time before we run
Wherever we go, whatever we do
I just wanna stay forever with you
I need one last time before we run
Let's fall in love under the sun

Under the sun, oh
Oh, ah

I need one last time under the sun, oh
I need one last time before we run, oh
Wherever we go, whatever we do
I just wanna stay forever with you
Give me one last time before we run
Let's fall in love under the sun

Under the sun, yeah
Ah
Let's fall in love under the sun
