

# Heartbeat

## Switch

Whatever comes, no matter what I'm facing  
When every dream I have has fallen through  
I won't forget Your plans were always for me  
I can't deny Your love

I can feel Your heartbeat now  
Beating deep inside my chest, oh-whoa  
Tearing down every wall  
You are breaking through

You're running through my veins  
Flowing through every part  
Completely changing me  
With every beat of Your heart  
Your blood poured out for mine  
My blood was redefined  
I'm found in Your heartbeat  
I'm found in Your heartbeat

In every step I know that You are with me  
Through the struggle You are always true  
Let me be light until the world around me  
Cannot deny Your love

I can feel Your heartbeat now  
Beating deep inside my chest, oh-whoa  
Tearing down every wall  
You are breaking through

You're running through my veins  
Flowing through every part  
Completely changing me  
With every beat of Your heart  
Your blood poured out for mine  
My blood was redefined  
I'm found in Your heartbeat  
I'm found in Your heartbeat

Whoa, whoa  
I'm found in Your heartbeat  
Whoa, whoa  
I'm found in Your heartbeat

This love is so amazing  
I can't help but praise You  
Your rhythm in my veins  
My heart forever changed  
This love is so amazing  
I can't help but praise You  
Your rhythm in my veins

I can feel Your heartbeat now  
Beating deep inside my chest, oh-whoa  
Tearing down every wall  
You are breaking through

You're running through my veins

Flowing through every part  
Completely changing me  
With every beat of Your heart  
Your blood poured out for mine  
My blood was redefined  
I'm found in Your heartbeat  
I'm found in Your heartbeat

Whoa, whoa  
I'm found in Your heartbeat  
Whoa, whoa  
I'm found in Your heartbeat
