

Higher And Higher

Switch

When my soul was stranded
Before I knew perfect love
My heart was a mess
Until You picked me up
You took me from nothing
And gave me a purpose
Now my soul has a mission
To tell of all You've done

Only You have the power to save
You're the Truth, You're the Life, You're the Way
I've announced that I won't be the same

We cannot be silent
We will not keep quiet
Hear our voices rising higher and higher
Death has been defeated
Jesus, You have risen
We will lift our praises higher and higher

Sin this imperfect
You paid for my life with Yours
I didn't deserve it
But still You loved me first

Only You have the power to save
You're the Truth, You're the Life, You're the Way
I've announced that I won't be the same

We cannot be silent
We will not keep quiet
Hear our voices rising higher and higher
Death has been defeated
Jesus, You have risen
We will lift our praises higher and higher

Higher and higher (Higher)
Higher and higher (Higher)

Only You have the power to save
You're the Truth, You're the Life, You're the Way
We will lift our praises higher and higher
And higher and higher (Oh-oh)

We cannot be silent (Yeah)
We will not keep quiet
Hear our voices rising higher and higher
Death has been defeated (Defeated)
Jesus, You have risen
We will lift our praises higher and higher

Higher and higher (Higher)
Higher and higher (Higher)
