

## Lovin" It

Switches

I'd like to write this one a letter

But she's the type who could do better

And I just can't cope it's beaten me

And I'm on the slopes internally

I love to take her to the water

I get so jealous of her daughter

She's lost all hope of drilling me

So I've turned to dope, it's beaten me

I bet she is... lovin' it, lovin' it, lovin' it, lovin'  
it

She is lovin' it, lovin' it, lovin' it, lovin' it, she is  
(2x)

We'll hold a conference in my garden

I'll ask the police chief for a pardon

I found the rope, it's swinging me

But I've lost the soap to healing me, healing me

I bet she is... lovin' it, lovin' it, lovin' it, lovin'  
it

She is lovin' it, lovin' it, lovin' it, lovin' it, she is  
(3x)
