On Fire

Switchfoot

```
          Cadd9
They tell you where you need to go
               G             Am7             F
They tell you  when you'll  need to leave
          Cadd9
They tell you what you need to know
          G                 Am7    F
They tell you who you need to be

But everything inside you knows
There's more than what you've heard
There's so much more than empty conversations
Filled with empty words

And you're on fire
When He's near you
You're on fire
When He speaks
You're on fire
Burning at these mysteries

Give me one more time around
Give me one more chance to see
Give me everything You are
Give me one more chance to be... (near You)

Cause everything inside me looks like
Everything I hate
You are the hope I have for change
You are the only chance I'll take

When I'm on fire
When You're near me
I'm on fire
When You speak
And I'm on fire
Burning at these mysteries
These mysteries...

I'm standing on the edge of me
I'm standing on the edge of everything I've never been before.
And i've been standing on the edge of me
Standing on the edge

And I'm on fire
When You're near me
I'm on fire
When You speak
(Yea) I'm on fire
Burning at these mysteries... these mysteries... these mysteries
Ah you're the mystery
You're the mystery
```
