

Heavy Rotation

SWMRS

Dancing queen
You are the closest thing
To heaven that I've seen
And I've seen a lot of good things
Fucked and flawless
Every night in August
How could you be so lawless
For a couple of nice kids?

Well, I'm thinking of a song
Maybe you'd know the one?
It was on Heavy Rotation
On every station
When I was 21
And it sinks into my dreams
Every now and then
Well, its a strange sensation
But heavy rotation, is coming back around
Coming back around again

Staring into all my favorite things
I know I feel at home when you are near to me
I want to open every door to your whole
Perception, oh, why can't you see?

Well, I'm thinking of a song
Maybe you'd know the one?
It was on Heavy Rotation
On every station
When I was 21
And it sinks into my dreams
Every now and then
Well, its a strange sensation
But heavy rotation, is coming back around
Coming back around again

And I've seen a lot of good things...

Well, I'm thinking of a song
Maybe you'd know the one?
It was on Heavy Rotation
On every station
When I was 21
And it sinks into my dreams
Every now and then
Well, its a strange sensation
But heavy rotation, is coming back around
