

## Lose It

SWMRS

When I first saw you I made a mixtape  
I didn't know you'd do the same damn thing  
When I said goodbye to you it went quiet  
Cause I didn't wanna feel any pain  
The last thing I want is another debutante  
To take me away from my world (Take me away from my world)  
And I know that wasn't us, but it still got tough  
So come on, come on

And tell me why'd you have to have such a damn good taste in music?  
Ya if all my favorite songs make me think of you I'm gonna lose it

When we drove up the coast we had a soundtrack  
We made it feel like a film on a reel  
And our story didn't have a happy ending  
But it still sounded good despite the way I feel  
The last thing I want is another broken heart  
To drive me to the brink of crazy (Drive me to the brink of crazy)  
In the end I couldn't take it cause I knew we wouldn't make it  
So come on, come on

And tell me why'd you have to have such a damn good taste in music?  
Ya if all my favorite songs make me think of you I'm gonna lose it  
Tell me why'd you have to have such a damn good taste in music?  
Ya if all my favorite songs make me think of you I'm gonna lose it

In the end we were just a couple kids  
Who thought and fought our way around each other  
There's a mark on the town from the times we had around  
But there's still some space for the rest of our lives

Sing it  
Doo doo doo doo doo doo  
Doo doo doo doo doo doo  
Doo doo doo doo doo doo  
Doo doo doo doo doo doo

Tell me why'd you have to have such a damn good taste in music?  
Ya if all my favorite songs make me think of you I'm gonna lose it  
Tell me why'd you have to have such a damn good taste in music?  
Ya if all my favorite songs make me think of you I'm gonna lose it

it

I'm gonna lose it

I'm gonna lose it
