

Rain On My Parade

SWMRS

Go ahead and rain
Rain on my parade
Try and spoil my day
You can try all night
I love it when you waste your time
A little water falling down from the sky
Never made me afraid
It ain't gonna change a thing if you

Rain on my parade, yeah
On my parade, yeah

Go ahead and say
Say what I think you're gonna say
Throw it all at me
And then I'll watch you sweat
Working hard to get that little bit of noise
To come out of your mouth well
It's never gonna change a thing
So go ahead, come on

Rain on my parade, yeah
On my parade, yeah

Go ahead and take a swing
Try to knock me down
Talk your trash 'round town
Coz as you waste your time
I'll have left you far behind
And no matter what you say
It's never gonna change a thing
Come on and see what happens if you rain

Rain on my parade, yeah
On my parade, yeah
On my parade, yeah
On my parade, yeah
