

Turn Up

SWMRS

I wanna know, wanna know how to leave my soul behind for you to
take
It's getting late and don't you hate it how the clock moves fast
when your heart's been racing
And I fell fast like lead from the sky
The minute that you told me 'bout the music you liked
You said "come along get in my car, I know a place and it ain't
too far"

Turn the music up louder, girl
I know we only got an hour, girl
Before I leave you for a long, long time
And I really wanna make you mine
So turn the music up louder, girl

Going down, going down the road where the moon stares down on the
stories told
Live for the moment go ahead and hold it tight till the memory
is stuck in your soul
We screamed out to the ears in the sky
Loudest beasts in the wild tonight
Drive 'round town till the time's all up
I don't wanna go cause I haven't had enough

So turn the music up louder, girl
I know we only got an hour, girl
Before I leave you for a long, long time
And I really wanna make you mine
So turn the music up
Turn the music up, louder

So turn the music up louder, girl
I know we only got an hour, girl
Before I leave you for a long, long time
And I really wanna make you mine
So turn the music up louder, girl
I like the way you move your shoulders, girl
When we're driving up the west coast, girl
So trap me in this moment, girl
And turn the music up
Turn the music up
Turn the music up
Turn the music up

I wanna know, wanna know, how to leave my soul behind for you to
take
