

# Uncool

SWMRS

I don't wanna be your fool  
I just wanna be uncool  
I don't wanna be your fool  
I just wanna be uncool

I followed your footsteps off the page in a magazine  
I followed your footsteps into a murder scene  
I been drunk on image baby, drunk on image baby  
Drunk on image baby, but when I come down

I don't wanna be your fool  
I just wanna be uncool  
I don't wanna be your fool  
I just wanna be uncool

I heard your song bleating through my radio  
I hated your song and I wanted you to know  
I been drunk on image baby, drunk on image baby  
Drunk on image baby, but when I come down, alright!

(Flying! What're you doing here? Just leave me alone, alright?)

I just wanna be uncool  
I just wanna be uncool  
I just wanna be uncool  
I just wanna be uncool
