Mirror Mirror

Swoope

Yeah, don't wanna face myself
No, I ain't ready to face facts
Tryna' escape myself
Ain't nowhere to be safe at
Don't wanna face myself, yeah
(Mirror, mirror, tell me what you see)
(Mirror, mirror, tell me what you see)
(Mirror, mirror, tell me what you see)
(Mirror, mirror, tell)
Yeah, don't wanna look at my face (My face)
Don't wanna bring that pain up
I don't wanna face mistakes (Mistakes)
Only one thing I'm afraid of
Lookin' me right in the face (The face)
(Mirror, mirror, tell me what you see)
(Mirror, mirror, tell me what you see)
(Mirror, mirror, tell me what you see)
(So I assume, but never made it over)

Mirror, mirror, tell me what you see
Tell the truth, we'll see if I agree
A new skull, got the older [?]
Or a mixture of all of them trees
I'm askin' you, but if you askin' me
I'm salty because what I see ain't sweet
Say my name and you'll see all my failures
Candyman, he should be scared of me
I see back when [?] passed away
While I was makin' money in the [?]
They called me wit' the news the next day
I barely made it to the hospital
I can see my cousin laid up
Cancer got him like a vegetable
Auntie askin' when you comin' back
I said "Soon", but never made it over
I ain't seen my brother in a minute
Black sheep, so I'll keep my distance
Him or me, who gon' need they vision?
Check, do he see me as a Christian?
Checkin' if I'm really actin' different
Product of the Father, am I trippin'?
Checkin' in with God, I know His image
In the mirror's my only redemption
Everybody play the fool sometimes
It's what you would say to me
Yeah, but if this mirror was a movie
I think the fool is playin' me

Tryna' escape myself
Ain't nowhere to be safe at
Don't wanna face myself, yeah
(Mirror, mirror, tell me what you see)
(Mirror, mirror, tell me what you see)
(Mirror, mirror, tell me what you see)
(Mirror, mirror, tell)
Yeah, don't wanna look at my face (My face)
Don't wanna bring that pain up
