Swoope

Let me hear you make some Holy Ghost crazy noise right now  
Let me hear it, that's right  
Swoope, it's your man, your boy, your cousin  
Your nephew, your little brother  
Your family member on your mama's side  
Whose uncle knew your daddy best when they was in school  
Swoope, there it is!

Ayy

I said it's all God, they was callin' me crazy  
I said word to my tight, I'm just callin' their face  
Take a second to be honest, it was all of the fame  
Had me prime time wit' Yannis after all of the games  
Miles Morales off the roof, they drop, I said we shook  
Got my [?], I know Juice, raisin' my solo cup  
That's communion, who you foolin', we gon' pass it around  
Yeah, we zoomin', yeah, we zoomin', got the cast to the ground  
Skrtrt, skrtrt

Playin' old Kirk Franklin on the way to church, church  
Yeah, gospel been the way, so you know I search, search  
I get lost, and the cross, God put in work, work  
You ain't talkin' 'bout that, you ain't sayin' much  
Hol' up, hit the brakes (Hol' up), you might miss the wave, ooh!  
Only way we made it 'cause He made a way, ooh!  
Blessings on my plate, no, I said my grace, ooh!  
Might not be on your time, but He ain't never late  
Down in the fire, up out the water  
Light from Jehovah, shine like a Carter  
Heaven mention roomie, shine caught her daughter  
This life is a movie, glad you finally caught up, yeah

(Where you been?) Ooh, ooh, ooh  
God got a perfect plan (Shh), ooh, ooh, ooh  
Boy, I'm in perfect hands (Ooh), ooh, ooh, ooh  
No, I'm not a perfect man, far from it, ayy  
I need God come and save  
Do you know it's a cost, boy, for livin' wild? (Wild)  
Rufio, I was lost, boy, glad I been found (Found)  
Yeah, my mom sent them prayers up, I'm still His child (Mama)  
When it's over Jesus, call me photo, I'm in the Cloud  
Why do you say Jesus so much? (Jesus!)  
I ain't dumbin' down the message, yeah, it's all in my raps (Jesus!)  
Whole crew got the message, yeah, it's all in the check (Jesus!)  
G.O.D., He been great, yeah, callin' them facts  
B.T. wit' my music, pray all of the maddest, yeah

Okay, okay, I see, I see, I see what you did, I like what you did there  
You, you, you threw your boy in there  
You threw a reference to your boy  
You, you, you, you showed some love to your boy  
Yo, much respect for that, Swoope, glory, glory!  
Take it from your boy, your music so dope, man  
I don't know which voice I wanna talk in  
I don't know if I wanna talk in my concert voice or my studio voice, man  
Really, I just wanted to say, man  
Keep doin' what you're doin', Swoope, there it is  
(Swoope, there it is!)

Man, let me say again, man, let me say this one more time  
I'm lovin' the music, man, but if you really know your boy  
You know I like to, I like to dance, man  
You got somethin', you got somethin' we can dance to, man?  
Like, like, somethin' like a party, let's just have a party, man  
Let's go!
